

FAVORING RETIREMENT FUND BILL

Norwich School Teachers Appoint Committee to Enlist Public Interest and Support For Measure to be Brought Before the Legislature—Pension After 30 Years of Service.

The teachers of the schools of the town of Norwich met on Thursday afternoon at the Broadway school building for the purpose of considering the retirement fund bill which is to be presented at this session of the legislature. Supt. E. J. Graham presided. The scope of the proposed measure was explained as it has been drafted and is supported by the Teachers' league. In its present form it aims to provide for retirement fund for those teachers who have been in the service for 30 years of service, of which the last 15 years shall have been in this state. They would then be retired on pay which should be 40 per cent. of the average for the last five years of their service before retirement. It is also provided that there should be a two per cent. addition for each year for the space of five years after the retirement. The maximum retirement pension to be paid is set at \$300 and the minimum at \$200.

Superintendent Graham spoke of some of the other states already having a similar plan in operation, among which were New York, New Jersey, Massachusetts, Rhode Island, Virginia and Maryland, while Germany, which is regarded as the most advanced country along educational lines, has had the retirement fund plan for years.

The teachers passed the following resolutions expressing their support of the plan:

Whereas, The preservation of the state and nation is best served through the education of its children; and

Whereas, To receive the best service, superior talent, training and vigor must be brought; and

Whereas, To secure this service for the community and the state the most efficient teachers must be attracted and encouraged to remain in the profession;

Resolved, First, That the teachers of the town of Norwich favor the establishment by the state of a teachers' retirement fund, thereby securing greater efficiency of service rendered to the state.

Second, Be It Resolved, That the teachers of the town endorse the Connecticut teachers' bill to be introduced during this session of the legislature.

Superintendent Graham and visitors J. B. Stanton, F. L. Newton and F. P. McNamara were appointed an executive committee to act on the community in general with the terms and merits of the retirement fund and to arouse public support for it here.

MILWAUKEE'S FORMER MAYOR TO SPEAK HERE.

Seidel Will Address the Local Socialist Branch.

Many matters of local interest and political importance were brought up and discussed at the regular weekly meeting of local Norwich socialist party, at their rooms in the Stead block Thursday evening.

It was voted to send a contribution of money to aid the garment workers of New York.

It was also voted to hire the T. A. B. hall for the lecture to be given Feb. 11th by Emil Seidel, former mayor of Milwaukee and candidate for vice president on the socialist ticket at the recent national election.

At the next meeting the subject "Are trade schools a benefit or a detriment to the working class?" Affirmative, Albert Boardman; negative, Fred Holdsworth. To be followed by general discussion open to all.

AT THE AUDITORIUM.

Vaudville and Motion Pictures.

Noel Fagan continues to be the chief attraction of the programme at the Auditorium and will undoubtedly remain so until the close of the week. An attractive bill is offered for the last three days of the week, including good vaudeville and well selected motion pictures. Manley & Carson have an entertaining line of songs and jokes and their singing of a pleasing quality. Kalma & Co. have a mysterious variety of stunts of magic and their number is one which gets all the attention of the audience. The motion pictures form a strong part of the bill.

FOR A GOOD DIGESTION

A Local Druggist's Suggestion.

It has been said the body is like a machine and digestion and elimination of food are the two great factors to health.

If the digestive organs are weak, the stomach overtaxed, waste matter accumulates in the system—the liver gets sluggish and the blood becomes thin and devalued.

We want to ask every person in this vicinity who is troubled with indigestion or a weak, wormy stomach to try our delicious cod liver and iron tonic, Vinol.

We know it will strengthen and tone up the weakened, tired and overtaxed nerves of the digestive organs, create a hearty appetite and replace weakness and strength.

We just heard of a case of a man in Oneonta, N. Y., who suffered from a bad stomach trouble for fifteen years and had become so weak he could hardly walk—who was cured by Vinol.

Try a bottle of Vinol and if it fails to help you we will give you your money. Broadway Pharmacy, G. G. Engler, Norwich, Conn.

P. S. For itching, burning skin try our Sazo Salve. We guarantee it.

Olden Ale Houses OF SCANDINAVIA

During the early middle ages, ale houses were very important places in Scandinavia.

Here people met to close bargains, to discuss legal business and to celebrate festival days.

The ale house was one of three places where any legal business transacted held good in law.

An old law states, "A free born man may pledge his child in debt if he does it in the court, the church or the ale house"; also that "a person may give away his inheritance if he does it in one of three places—the court, the church or the ale house."

Numerous drinking customs grew up. One was to drink "einmenning", emptying the horn at one draught; another was to drink "twimenning" which meant that two people were to drink from a single horn. A third fashion was to send a big horn, the entire length of the table, each guest sipping and passing it on.

To-day, also there are many drinking customs but only one best beverage.

EDISON AT WORK ON A NEW INVENTION

Too Busy to Go to New York to Receive Rathenau Medal.

New York, Jan. 23.—Thomas A. Edison remained at work over a new invention in his laboratory at Englewood, N. J., tonight instead of coming to this city to receive from the American Museum of Safety a medal in honor of an old invention. Mrs. Edison, who came to accept the honor for her husband, explained that the inventor has been in seclusion in his workshop for two months, sleeping there and having his meals sent to him and expects to continue in retirement until he completes his invention.

The medal which Mrs. Edison received on behalf of her husband is the Rathenau medal for an invention of a storage battery device which permits light without heat and is a gas explosion and is a minimum danger to life and limb.

LONDON STIRRED UP BY NEWS FROM TURKEY

Powers May Coerce New Government to Make Peace.

London, Jan. 23.—To the ambassadors of the powers who were congratulating themselves that the concert of Europe had virtually settled the Near Eastern war; to the delegates of the allied Balkan states and to all London, except the Turkish plenipotentiaries, the news of the resignation of Kiamil Pasha and the appointment of Mahmoud Shekfat Pasha to the grand vizierate came as a bolt from the blue sky.

Whether this means war to a finish with the "Young Turks" in the saddle, or is merely another exhibition of the resources of Turkish diplomacy none can say, nor can anyone predict whether the powers will attempt to coerce Turkey into making peace or stand and speculate while events take their course.

JUDGE BARHORST DOES HIS DUTY TO RHEUMATIC SUFFERERS

Incidents In Society.

Miss Susan C. Hyde returned Thursday afternoon to her home on Washington street, after a week's absence, during which she visited friends in Hartford and passed a few days at Mr. Holyoke college, South Hadley, Mass., with her sister, Miss Gertrude S. Hyde.

Mr. and Mrs. J. P. T. Armstrong of Vauxhall street, New London, have returned from Norwich, where they were guests of their uncle and aunt, Mr. and Mrs. Leonard O. Smith. Old Elma, and attended the military ball.

If you suffer from Rheumatism and don't read this notice, then the terrible pain and suffering you will have to bear is yours. Read it. I, John Barhorst, Judge of the Peace of Middlesex County, N. Y., do certify that after treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy, and I am still as well as ever. Previous to using RHEUMA I was a cripple, unable to walk with crutches, and I feel it my duty to let other sufferers from Rheumatism know what it will do. The result seems almost miraculous to me. I have added RHEUMA to at least a dozen persons, and each one speaks as highly of it as I. I will answer any one suffering from the disease if a two cent stamp is enclosed.—May 21, 1911.

You can secure a bottle of RHEUMA for only 50 cents at the L. & O. Drug Co., and they say if not as advertised, money back. It's just as good for Gout, Sciatica, Lumbago and Stiffness.

KILLED DURING DEMONSTRATION

(Continued from Page One.)

Bey, the enthusiasm of the crowd was kept at a fever-pitch by addresses and the waving of banners. After a flying visit to the palace, the Young Turk leader proceeded to the residence of Mahmoud Shekfat to communicate the imperial message.

In the meantime, Talaat Bey assumed provisionally the portfolio of the ministry of the interior and Ismet Pasha, that of war. In an interview, Talaat Bey said that the movement had not been planned, but was the outcome of popular feeling owing to the attitude of the government with regard to Adrianople. If Adrianople were abandoned, he said, disturbances would break out over the length and breadth of the empire. With regard to money, the whole nation would make a sacrifice.

"No compromise is possible," he continued. "The change in the cabinet means that we are going to save the national honor or perish in the attempt."

For Dandruff and Falling Hair--25 Cent "Danderine"

Save Your Hair! Danderine Destroys Dandruff and Stops Falling Hair at Once—Grows Hair, We Prove it.

If you care for heavy hair, that gleams with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair. Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scrub robs the hair of its lustre, its strength and its very life, and if not overcome it produces a baldness and itching of the scalp; the hair roots
